Bucket Cleaning Tools

Engineered Tooling Solutions *FAST*

The TMT Class 1-4, 5 & 6 Bucket Cleaning Tools are simple tools specifically designed to fit their respective receptacle, to remove any marine growth build up within the bucket. The tools are made of Stainless Steel.

The Bucket Cleaning Tool is attached to a D-handle to allow a range of ROV manipulators to operate the tool.

TMT can also customise the Bucket Cleaning Tool to suit your needs.

Features:

- Easy to use
- Different ROV handle options
- Stainless Steel
- Field proven
